

MARION COUNTY RURAL WATER DISTRICT

New Rate Structure for 2026

MCRWD remains vigilant in keeping our costs to our members as low as possible, without jeopardizing our service and the integrity of our system. Therefore, the board of directors find it necessary to implement a rate increase of 10% due to the continued increased costs of maintaining our infrastructure, along with purchasing and providing water for distribution. The increase will also assist efforts of infrastructure improvements, such as another water tower to allow more capacity growth that has taken place in the past 40 years. This improvement is scheduled to begin construction in the next year. MCRWD will continue to serve our members well and make you our top priority.

Effective January 1, 2026, invoices for that month will be charged according to the new rate structure. The increase is as follows: Minimum (first 2000 gallons) \$31.47, next 3000 – 5000 gallons \$10.40/1000, next 6000 – 10000 gallons \$7.85/1000, and bulk price (over 10000 gallons) \$4.55. Prices are pretax.

Rate Chart (1/1/2026)

0 - 2000	\$	31.47	17000	\$	133.77
3000	\$	41.87	18000	\$	138.32
4000	\$	52.27	19000	\$	142.87
5000	\$	62.67	20000	\$	147.42
6000	\$	70.52	21000	\$	151.97
7000	\$	78.37	22000	\$	156.52
8000	\$	86.22	23000	\$	161.07
9000	\$	94.07	24000	\$	165.62
10000	\$	101.92	25000	\$	170.17
11000	\$	106.47	30000	\$	192.92
12000	\$	111.02	35000	\$	215.67
13000	\$	115.57	40000	\$	238.42
14000	\$	120.12	45000	\$	261.17
15000	\$	124.67	50000	\$	283.92
16000	\$	129.22	100000	\$	511.42
